Paper straws/ wooden sticks

Set out the paper straws/wooden sticks. Push 3 marshmallows onto each straw, spreading your choice of peanut butter/nutella or caramel sauce inbetween!

Ask your grown up to do this for you!!

Make sure the straw doesn't poke through the end of the top marshmallow! Melt the chocolate carefully in a pan or microwave in short bursts.

Dip each pop in melted chocolate, or use a spoon to pour chocolate over the marshmallows. Lightly tap the marshmallow pop against the bowl to remove excess chocolate.

Now sprinkle on your favourite toppings and leave to set! Don't they look great!
